

SCIENTIFIC PAPERS

Norms and Rules of Paper Presentation to II International Symposium Of Ecology – Ecology on the Anthropocene

The Scientific Commission of the *II INTERNATIONAL SYMPOSIUM OF ECOLOGY* presents the criteria to the presentation of scientific papers to be presented as **POSTERS** (banner) or **SCIENTIFIC COMMUNICATION** (oral presentation) and published on the symposium annals.

1. POSTERS NORMALIZATION

1.1. The poster presenter/author will participate in the presentation session, in the presence of the others authors and interested public. The POSTER must have 90 cm of width and 120 cm of height; it must be written in English and must present:

Title – It is mandatory that the poster title and the title of the abstract submitted are identical. The origin institution of authors must be cited.

Introduction, Objectives, Material and Methods, Results/Discussion and Conclusions.

1.2. Presenters will be responsible for setting their posters (15 minutes before the presentation session begins) and for retrieving their posters after the presentation session, in predefined days released in the event website by the symposium organization. The organization of the symposium will not take responsibility over the posters.

1.3. Presenters must be available to the Judging Commission in date and time predetermined by the Scientific Commission.

1.4. The main author or presenter properly identified at inscription will have 10 minutes to present its work to the Commission that will have five minutes to eventual questions.

1.5. In case the poster author is not available when the judging commission starts the evaluation, the work will be automatically eliminated from award.

1.6. The evaluation will be scored by the following criteria:

CRITERIA	POINTS
ASPECT	
Poster attracts the spectator's attention	0 to 10 points
The words are easy to read from a proper distance	0 to 10 points
Poster is well organized and easy to follow	0 to 10 points
Graphics and other visual resources make the presentation better	0 to 10 points
The poster is clean and attractive to look to	0 to 10 points
CONTENTS	
Coherence among introduction, proposed objectives and work development	0 to 10 points
Efficiency of method; real appliance on the work; reproducibility and analytical capacity	0 to 10 points
Data presentation; plausibility evaluation and results relevance	0 to 10 points
PRESENTATION	

II SIMPÓSIO INTERNACIONAL DE ECOLOGIA

"ECOLOGIA NO ANTROPOCENO"

16 a 19 de agosto de 2016 São Carlos - SP

Answer satisfactorily to all questions	0 to 10 points
Knowledge of theme/study object	0 to 10 points
TOTAL	100 points

2. NORMALIZATION OF SCIENTIFIC COMMUNICATION (ORAL PRESENTATION)

2.1. The work presenter/author of the work of SCIENTIFIC COMMUNICATION (oral presentation) will participate in the session of presentations, in the presence of the evaluation Commission of scientific works, other authors and interested public.

2.2. Presentation slides must be in English (the presentation doesn't have to be spoken in English, but it can be) and it must contain:

Title – It is mandatory that the oral presentation title and the title of the abstract submitted are identical.

- The origin institution of authors must be cited.

Introduction, Objectives, Material and Methods, Results/Discussion and Conclusions.

2.3. The presenter will have 10 minutes of explanation with 5 minutes of argumentation from the evaluation board (with three members) and response from the presenters.

2.4. The presenters must be available to the judging commission in day and time predetermined and publicized on the event website.

2.5. If the presenter is not available when the judging commission starts the evaluation, the work will be automatically eliminated from award.

2.6. The evaluation will be scored by the following criteria:

CRITERIA	POINTS
Theme Depth and relevance of the theme; theoretical argument and originality	0 to 10 points
Diagramation Text, images and illustrations quality; Clarity of titles, legend and references	0 to 10 points
Integration Consistency among introduction, proposed objectives and work development	0 to 10 points
Methodology Method efficiency; actual application in the research; reproducibility and analytical capacity	0 to 10 points
Results Data presentation; evaluation of plausibility and relevance of the results	0 to 10 points
Conclusion Presentation of the results clearly and objectively	0 to 10 points

II SIMPÓSIO INTERNACIONAL DE ECOLOGIA

"ECOLOGIA NO ANTROPOCENO"

16 a 19 de agosto de 2016 São Carlos - SP

Argumentation Answer satisfactorily to all questions	0 to 15 points
Theme Domain Knowledge of theme/study object	0 to 10 points
Resourcefulness Diction; posture; gestural and security	0 to 15 points
Total	100 points

3. AWARD

3.1 The three Works that reach the highest scores given by the evaluation Commission of scientific works members to all categories (poster and oral presentation) will be rewarded. The evaluators will give scores from 0 up to 100 points to the previously determined requisites and the work with the highest score in the evaluation of combined criteria scores will be considered the winner.

3.2. If there is a tie, the President of Honor of the Scientific Committee and the Organizing Committee will decide which work will be the winner, as it will not be part of the initial trial, being the honorary president of the casting vote.

4. PRIZES

- 1° Place: Honorable Mention Certificate
- 2° Place: Honorable Mention Certificate
- 3° Place: Honorable Mention Certificate

4.1. Prizes are nontransferable and destined to the work's authors.

4.2. The winning abstracts will be announced during the event's closing session.

4.3 All papers presented during the Symposium will receive a presentation certificate.

The Scientific Committee of the **II International Ecology Symposium** wishes everyone good luck, a good presentation and a great Symposium, and makes available for further clarification via email: resumosiisie@gmail.com
